

POSTURE PULLOVER

DESIGNED AND
MANUFACTURED IN UK

4.3" TOUCH SCREEN CONSOLE
OFFERING BOTH MANUAL AND
PROGRAMME OPTIONS

DATA SHEET

Target Areas:

Chest, Shoulder, Upper Back, Triceps, Waist.

The Posture Pullover helps improve posture as the chest, shoulders and upper back are exercised, simultaneously expanding and stretching the rib cage. The triceps (upper arms) and waist line also benefit from the exercise.

Features Include:

Dual function of both upper & lower extremity
Power assisted (plug and play installation)
Standard 4.3" touch screen console unit with manual and programme options

Available in a wide range of colours
